Professional Summary

A seasoned business professional looking for value-based projects in a team environment.

Key Strengths

- Leadership of multiple project teams in improvement programs e.g. *Insurance* – Led an effort in a $60b Chicago-based insurance company with 14 teams of ten consultants and 150 client personnel.
- Ability to design and implement process improvement methodologies using content knowledge of most business processes
- Sensitive to company and geographical cultural norms that affect how change is approached and implemented. Led efforts to:
  - establish shared services in *Amcor Ltd, an* Australian paper company;
  - establish a Continuous Improvement process in the Accounting offices of all *FMC* locations throughout the US and Europe;
  - implemented modern management practices in *Taurus,* a Hungarian tire and rubber-products company.
- Technical proficiency with all Microsoft Office programs, Python, SQL, HTML, SmartSheet
- Ability to assimilate large number of data sources and produce information in a comprehensive, understandable presentation

Professional Experience

DNEverett & Associates – Principal Dallas, TX and Tampa, FL 2001-2024

Management consulting focused on process and technology based solutions

Gunn Partners, Inc. - Client Lead Dallas, TX 1990-2001

Gunn Partners provided administrative process improvement consulting e.g. re-engineering, shared services and continuous improvement in finance, human resources, information technology, etc. My focus was sales support and leadership for major client projects and accounts.
