## Notice to Residents

Exciting news! Beginning April 2, 2021, SCA Facilities is returning to normal operating hours. It is necessary to keep some restrictions in place, such as wearing a mask while inside the facilities, observing social distancing, and capacity restrictions. Everyone that wants the COVID vaccine has not had the opportunity to receive both doses at this time. Please! Let's all cooperate for the safety of everyone so that we may continue to open all activities and facilities.

Protocols include:

- Disrespect of employees will not be tolerated and may result in your loss of privileges.
- Please practice patience.
- Get vaccinated!

Residents will be responsible for their own personal safety and for compliance with safety protocols. It is recommended that you bring your own hand sanitizer, in the event SCA is not able to replenish its supply.

It is recommended that you disinfect high touch surfaces you may come into contact with, for example: pool chairs, sinks, showers, and door handles both before and after use. Disinfectant spray will be provided; we ask that you do not remove spray bottles from the facilities. SCA staff will, at the end of each day, disinfect such areas as meeting rooms, showers and restrooms and all fitness equipment.

Management will continue to closely monitor COVID numbers for this area and will take action to reverse course should we see a steady rise in positive COVID cases. We are optimistic that all in the community who wish to receive the vaccine will have been able to receive within the next several weeks. At that time additional easing of protocols, as CDC guidance indicates, could follow.

Thank you for your cooperation and enjoy some fun!
